**Cresap Family Foundation helps ‘Keep Them Flying’ with \$10,000 donation to Florida Keys  
Wild Bird Rehabilitation Center**

FOR IMMEDIATE RELEASE

March 31, 2021

OCEAN REEF, FL - Denny and Gail Cresap, part-time residents of Ocean Reef and full-time directors of the Cresap Family Foundation recently visited the Florida Keys Wild Bird Rehabilitation Center and were captivated by The Pelican Enclosure, home to 30 permanent resident seabirds.

“The staff at the Rehabilitation Center was knowledgeable and dedicated, we knew right away that the birds at the facility were extremely well cared for”, said Denny Cresap, director of the Cresap Family Foundation. The Cresaps learned that the Pelican Enclosure one of the oldest facilities on the property. The Cresap Family Foundation has supported animal welfare grantmaking since their inception in 2012 and the directors felt that funding a \$10,000 grant to complete the 2021 Pelican Pond Capital Campaign was a great opportunity to extend that reach to their part-time home.

“We are thrilled to receive support from the Cresap Family Foundation and excited to create a facility to house some of our oldest and most-loved residents”, said Jordan Budnick, Executive Director of Florida Keys Wild Bird Rehabilitation Center. Construction is slated to be complete by July 4, 2021. For more information, please visit [www.KeepThemFlying.org](http://www.KeepThemFlying.org).

In its seventh year, the Cresap Family Foundation is committed to improving quality of life for Oklahomans and beyond through the support of programs impacting youth and families, health and wellness, education, arts and humanities and animal welfare.

Denny, Gail and John Cresap established the foundation following the sale of the family’s business, Premium Beers of Oklahoma, one of the largest Anheuser-Busch distributorships in the country. A desire to give back to the communities that had supported Premium Beers of Oklahoma for 44 years resulted in the foundation’s creation.
